Five steps to minimize your risk of foreclosure:

1. ***Prioritize your expenses.*** Pay the bills that are most necessary for your family's well being.
2. ***Save money.*** Put away some money each month to build an emergency fund.
3. ***Reduce expenses.*** By cutting costs in several areas, you may be able to significantly reduce your expenses.
4. ***Protect your credit score.*** Use credit cards wisely. Making late payments or skipping them can seriously affect your credit score.
5. ***Talk with a housing counselor.*** HUD or DCA certified housing counselors are trained to help you restructure your bills so that you have an easier time paying them. The counseling service is free.
